Tips for successful measuring

- Measure yourself when clothed only in your underwear
- Keep tape measure firm, but not tight
- Hip: stand with your feet together. Measure around the fullest part of your bottom at the top of your leg, about 20-25cm / 8-10 inches below waist

Top tip: if you do not own a tape measure, simply mark a piece of non-elastic string with your measurements and then measure the string using a ruler.

These body measurements provide a classic fit.
