

Classic Slipper Sizing Chart

Size to Order	US Men's	US Women's NZ Women's Aust Women's	UK Unisex NZ Men's Aust Men's	Euro	Maximum foot length measurement
6	6	7	5	38	24.8cm / 9.8 inches
7	7	8	6	39	25.6cm / 10.1 inches
8	8	9	7	40	26.4cm / 10.4 inches
9	9	10	8	41-42	27.3cm / 10.7 inches
10	10	11	9	43	28.1cm / 11 inches
11	11	12	10	44	28.9cm / 11.4 inches
12	12	13	11	46	29.7cm / 11.7 inches

If you are a half size, do down to the nearest whole size and look for the equivalent size to order. E.g. If you are a UK 7½ then order an 8.

Sheepskin slippers will stretch slightly, and the pile will compact, so it is important that they fit reasonably snug to start off.

Wide feet?

While the natural sheepskin will stretch to accommodate, some of our slipper styles are better suited to wider feet than others. The styles we recommend are Snugglies, Splogs and Traditionals.

Foot measurements

Measure your bare foot to be sure of the exact size. We need the exact length of your foot - it can be in inches or centimeters, but you must be in bare feet - see the instructions below.

How to measure your foot

1. First put your heel up against the wall.
2. Standing on a ruler or measuring tape, measure from the wall to the tip of your longest toe, (usually your big toe).

Note: If your ruler measuring edge doesn't start at zero, take this into consideration.
